## // Insulation engineered for critical assets

Insurapid is a global manufacturer, supplier and fabricator for industrial, commercial, thermal, acoustic and marine insulation systems. The portfolio is organised around complete insulation packages: **outer protection, insulation core** and **installation ancillaries**.

### 01

#### Jacketing & Cladding

Protective outer metal & mesh systems for mechanical insulation.

- Aluminium Jacketing
- Stainless Steel
- Aluminized Steel
- Aluzinc / Galvalume
- Galvanized Steel
- Perforated / Expanded / Welded Mesh

### 02

#### Insulation Materials

Core thermal, acoustic, fire and cryogenic insulation.

- Mineral Wool / Rockwool
- PIR / PUR
- Cellular Glass
- Perlite
- Calcium Silicate
- Ceramic Fibre
- Super Mat
- Thermal Break
- XLPE Insulation

### 03

#### Ancillaries

Banding, seals, fasteners, tapes, foils, sealants and more.

- Banding & Seals
- Expansion Units, Springs
- Rivets, Screws
- Toggles & Hooks
- Tapes, Foils & PIB
- Mastics, Adhesives, Sealants
- Vapour Barrier / Butyl Wrap
- Reinforcing Membrane
- Stainless Steel Wire

## // Service support

#### Supply Partner

Competitive pricing through scale, complete insulation system coverage, QA and material certification.

#### Logistics Partner

Dedicated project coordination, preferential ocean freight support and covered warehouse capacity.

#### Technical Services

Design support, thermal calculations, BOM/MTO preparation and inspection/test plan inputs.

#### Coverage across

LNG

Petrochemical

Refinery

Power

Marine

HVAC

Commercial

### Talk to our category specialists

BOM/MTO, thermal calculations and material take-off support.
